Examiner, Art Unit 2624

***Reasons for Allowance***

1. Applicant's Amendments and Remarks filed 16 December 2009 have been entered and considered and are found convincing. No outstanding objections or rejection remain.
2. Claims 1, 3-6 and 8-16 (renumbered 1-14) are allowed. The following is a statement of reasons allowance: Regarding similar independent claims 1, 8 and 9, the prior art of record, alone or in combination, fails to fairly teach or suggest the limitations of performing the pre-scanning operation until the current scanning area is located in an ending location of a physical scan area of the multi-functional peripheral device or a starting location of a second main-scan area, when the current scanning area is beyond the ending location of the first main-scan area wherein the pre-scanning operation and the main-scanning operation are performed according to the one-time scan start command, and the ending location of the physical scan area is determined by using white data, as required by the independent claims.

***Comment on 35 USC § 101***

3. Independent claims 1 and 8 are "process" claims and have been analyzed in light of the machine-or-transformation ("MOT") test elucidated in *In re Bilski*, 545 F.3d 943 USPQ2d 1385 (Fed. Cir. 2008), *cert granted* 129 S.Ct. 2735 (2009) which requires a "process" under 35 U.S.C. § 101 to:

- (1) be tied-to a particular machine or structure , or
- (2) transform underlying subject matter (such as a particular article or material) to a different state or thing.

Independent claims 1 and 8 are found to pass the machine branch of the MOT test because at least the critical claimed steps of performing and stopping the pre-scanning operation explicitly

Art Unit: 2624

recite the use of a particular machine (the multi-function peripheral device) which effectively ties the method claims to a particular machine. Therefore, claims 1 and 8 pass the MOT test.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
